

Dear candidate,

Congratulations! You have been shortlisted for the next round for the **AI Automation Intern** position. Please complete the below task to showcase your practical skills, creativity, and understanding of AI automation tools.

Task

Create a short video showcasing an AI automation that you have previously built.

Points to Include in the Video

- Explain the purpose of your automation (what problem it solves)
- Demonstrate how the automation works (step-by-step walkthrough)
- Mention the tools used (Example: Claude, ChatGPT, Make, Zapier, n8n, or any other AI tools/platforms)
- Share how this automation can be useful for a business or individual

Submission Guidelines

- Video duration: **3–5 minutes**
- Ensure clear audio and proper screen visibility
- Share the video through **Google Drive** or any accessible link
- File name format: **YourName_AI_Automation_Assignment**

Submission Deadline

Please share the assignment on - hr.ops.allo@gmail.com along with your contact details and portfolio.

We look forward to reviewing your submission!

Regards,
HR Department
